REPORT
OF
COUNTY COMMISSIONERS, SUPERINTENDENT OF THE
COUNTY FARM, CLERK OF THE SUPERIOR
COURT, SHERIFF, JAILER, COUNTY
TREASURER, AUDITORS.

COMMISSIONERS' REPORT

In accordance with the Public Statutes of the State of New Hampshire, the Commissioners of Hillsborough County submit the annual report of Commissioners, for the year ending December 31, 1925:

Your board of County Commissioners entered upon their term of office on April 1st, 1925, therefore this report covers but nine months of their administration. The County Farm has been under the administration of Mr. Brainard P. Newton as Superintendent and Mrs. Newton as Matron since May 1st, 1925, who we believe are exerting their best efforts to meet the requirements of the position.

The assistant Superintendent, Mr. John L. Wentworth, has been continued in that position which he has held for many years and has performed the duties as he has previously.

We found on entering upon the duties of the office, many necessary repairs needed and supplies required. We have attended to these matters and practiced economy in the expenditure of the tax payer's money.

We have been able to have the female insane admitted to the State Hospital and the quarters formerly occupied by them have been made a ward for incurables, which was very much needed. At the Hospital proper has been installed an X-Ray equipment for which there was urgent need. These needs were sanctioned by the Executive Committee of the Hillsborough County delegation with whom we conferred in relation to these important improvements. We have also organized a Staff

of physicians, without salary, comprising thirty-five or more of the leading doctors of this county with Doctor George V. Fiske of Manchester in charge. Very valuable work has been done by this Staff for the patients in our hospital. The Staff has been very ably assisted by Miss Addie M. Moore as superintendent and Mrs. Jessie B. Corey as assistant superintendent, with a corps of efficient nurses.

The calls for aid by the poor off the farm, especially in the cities of Manchester and Nashua, on account of business conditions have been and are now very much more than was anticipated when we came into office. It has required a large amount of expense in their behalf.

The expense for board of children continues to increase each year. Your Commissioners recommend a specified appropriation for this expense when the next Budget is made.

Only minor repairs and supplies have been required at the Manchester Court House the past year, conditions at the Nashua Court House were found to be such as to require quite an expense for repairs and supplies, one large expense was the recovering of the roof of the building and many other necessary repairs, also supplies were furnished the Clerk of Court and the Register of Probate at an expense of \$2,500, all of which was done with the approval of the Executive Committee and the Court.

The County Jail is still under the efficient management of John T. O'Dowd as Jailer and Mrs. John T. O'Dowd as Marton. They have in their care at the present time, prisoners from other Counties who have no Jail, also a number of Federal prisoners for which the County is receiving board. All who have visited our County institutions have expressed themselves as pleased with the management which is very pleasing to the Commissioners.

We extend to the Selectmen and Overseers of Poor of the towns in our County our heartfelt thanks for the assistance they have rendered in the performance of our official duties. We have used our best efforts to render the best service at our command to the dependents in our care. We trust this report will meet with the approval of the tax payers of the County.

Respectfully submitted,

ALBERT T. BARR,
JAMES M. GEORGE,
JAMES E. COLBURN,

County Commissioners.

SUPERINTENDENT'S REPORT

**To the Honorable Board of Commissioners for the County
of Hillsborough:**

Gentlemen:

In submitting my report for the year 1925 I am pleased to say that although the work has been new for both Mrs. Newton and myself, we have enjoyed it, and found it very interesting, and with the hearty support of a loyal corps of officers, we have tried to maintain the high standard which this institution has held for so many years.

I wish to call your attention to the Institution as a whole, its ideal location, beautiful grounds, shade trees, and the well planned hospital and sleeping wards which make well ventilated, comfortable and sanitary accommodations for the patients and inmates. These things appeal to me and should be realized by the people more forcefull, than they are.

There has been very little sickness and practically none among the children during the year. Donations have been received for the nursery in the form of a slide, from the W. C. T. U. of North Weare and also a Teeter board from Mr. C. A. Adams of the J. B. Varick Co., both of which are greatly appreciated.

The copings and iron work on the roofs throughout the institution have been painted. The Women's Insane Ward has been renovated and fitted as a Ward for Incurables. The old sheathing has been removed and plaster put on in its place. Walls and ceilings kalsomined, modern plumbing installed, spring beds added to each room and Battleship Linoleum laid on the floor. There

are 35 very pleasant rooms and there are at present 31 patients in this ward.

The piggery has been repaired and painted, the bank in the rear of the Hospital graded and seeded and other repairs have been made as necessity required.

Referring to the report of 1922 it will be noticed that the herd of cows was changed in order to acquire a herd free from Tuberculosis. It requires three years before the Government will accept a herd as accredited. This has been accomplished and we now have a Federal and State Accredited herd of 46 Cows and young stock which I believe is a great asset to this Institution.

As I did not get here until May 1 I was unable to get some of the crops started as early as they should have been, but frequent rains throughout the season helped greatly.

I wish to thank the organizations as well as Individuals who have so kindly remembered us in the way of gifts for the Inmates and children. Also the Legion, New Boston and Industrial School bands who entertained us on the lawn in the summer.

I wish to thank the Physicians and Chaplains for the faithful performance of their important duties.

Again I wish to thank the Officers for their co-operation in my work here.

To you Honorable Board of Commissioners I extend my thanks for your able assistance and advice which has been willingly and justly given at all times.

Respectfully submitted,

BRAINARD P. NEWTON,

Superintendent.

AUDITORS' REPORT

The undersigned, auditors for said county, report that they have examined the accounts and vouchers of the County Commissioners and Treasurer, as required by law, and find the accounts correct and well vouched. We are of the opinion that the sums charged therein for articles purchased are according to the market value, and said articles have been used for the benefit of the County.

CHARLES A. PERKINS,
FRANK TUCKER,
Auditors.

CHAPLAINS' REPORTS

To the Honorable Board of Commissioners of the County
of Hillsborough:

Gentlemen:

During the past year, I have visited the Institution almost every day and all special calls have been promptly answered. Every month religious services have been held in the Chapel of the Institution, which services were usually attended by well over one hundred persons.

On all occasions, I have met with hearty co-operation of the officers of the Institution. It is with pleasure that I take this opportunity to publicly thank them, especially Mr. and Mrs. Newton, Miss Moore and her assistants Mrs. Corey and Mrs. Steeves, for their kindness, courtesy and assistance.

Respectfully,

REV. ERNEST EUG. BRODEUR.

December 31, 1925.

To the Honorable Board of Commissioners of Hills-
borough County:

Gentlemen:

During the short time we have acted as Chaplain of the Hillsborough County Farm, we have endeavored to follow the example of my predecessor, in holding religious services twice a month in the Chapel, attending funeral services as occasion required and speaking words of cheer and comfort to the inmates when we have had the opportunity.

In all these duties of my office, I have been greatly helped by Superintendent and Mrs. Newton and I wish to thank them for their co-operation and assistance as well as all the officers of the institution.

Respectfully submitted,

E. S. COLLIER.

HILLSBOROUGH COUNTY GENERAL HOSPITAL

To the Commissioners of Hillsborough County:

The following is a report of the Hillsborough County General Training-school for the year ending December 31, 1925.

Number of nurses graduated, 5.

Number of probationers entered training, 11.

Number of probationers retained, 10.

Number of pupil nurses in training, 18.

To the members of the hospital staff who have given lectures and aided the training school in various ways we wish to extend our thanks.

Respectfully submitted,

ADDIE M. MOORE.

REPORT OF THE COUNTY PHYSICIANS

To the Honorable Board of Commissioners for Hillsborough County:

Gentlemen:

The conception of a better Hospital by your body has been fully justified by the work completed in the past year. It is gratifying to note that 31,744 days treatment has been furnished the sick in this Institution. Of this number 30,478 days have been free, 1,266 days have paid. We have admitted during the past year 505 patients and discharged during the same time 494. The maximum number at any day in the Hospital was 105, the minimum number being 68. Ninety-six and six-tenths per cent of the work done has been charity, three and four-tenths per cent has been paid.

At your earnest invitation to form a Staff, I wish to report that the organization has been completed. The Staff has been organized as follows:

Director of the Staff—George V. Fiske, M. D.

Physicians to Hospital—Frederick P. Scribner, M. D.
E. B. Swett, M. D.

Senior Consulting Surgeons—J. Eugene Larochelle, M. D.; Dr. William E. Reed of Nashua.

Senior Consulting Physicians—Clarence O. Coburn, M. D.; Damase Caron, M. D.

Consulting Surgeons—M. P. Badger, M. D.; John F. Holmes, M. D.; Z. A. Lavoie, M. D.; Wellington A. Thompson, M. D.

Surgeons—Alexander Barbeau, M. D.; Walter A. Bartlett, M. D.; Robert Flanders, M. D.; James J. Powers, M. D.; Daniel J. Sullivan, M. D.; Murray H. Towle, M. D.

Consulting Urologist—Elmer J. Brown, M. D.

Consulting Orthopedic Surgeon—Harris F. Powers, M. D.

Consulting Syphologists—Charles A. Weaver, M. D.; H. W. N. Bennett, M. D.

Consulting Physicians—Dr. Oscar Burns, Milford; Dr. Samuel T. Ferguson, Goffstown; Dr. F. B. Foster, Peterborough; Dr. Stillman C. Davis, Nashua; Dr. W. L. Kelso, Hillsborough; Dr. Emile D. Miville, Manchester; Dr. Zatae Straw, Manchester; Dr. G. D. Tibbetts, Antrim; Dr. Samuel Fraser, New Boston; Dr. Arthur S. Wallace, Nashua; Dr. E. D. Stevens, Francestown.

Consulting in Contagious Diseases—Howard A. Street-er, M. D.

Consulting Orthodontologists—Otis M. Littlefield, A. A. Blondin, R. C. Frost.

Pathologist—Walter Minnigan, M. D.

Consultant in Tuberculosis—Robert B. Kerr, M. D.

Consulting Pediatrician—Franklin N. Rogers, M. D.

Consultant in Radium X-Ray and Medical Therapy—J. Sumner Bragg, M. D.; Consultant in Eye, Ear and Throat—Charles Nutter, M. D.; L. Theodore Togus, M. D.

This Staff during the past year has functioned to the greatest good to the greatest number.

Chronic cases of long standing, bed-ridden patients have been treated successfully and are now able to be about with comfort.

The skill which has been exercised by the Staff has been reflected in the good will of the public. The patients who are recipients are high in the praise of each member they come in contact with.

The co-operation of the Staff is very close. The Monthly Staff Meetings, held on the third Tuesday of each month, are a never ending source of pleasure and gratitude to each Doctor.

In the formation of this Staff, three things have been

very noticeable: first, the Institution has greatly benefited, second, the Community has been very much pleased and thirdly, the individual serving on the Staff has become larger and better and more skilled in the care of the sick.

The co-operation and generosity which you have given which has made this possible is greatly appreciated by the Staff.

I would invite your attention to the necessity of installing in the kitchen more modern equipment to facilitate the work. An announcing system should be installed so that the sick patients may call nurses when they are required. Linoleum coverings should be applied to all the floors. Chart room and filing cabinets should be provided so that this Hospital may have the approval of the American College of Surgeons.

A charge nurse with nurses should be provided for the department of convalescence.

These recommendations are felt to be very necessary to the successful completion of your program, and steps should be taken as soon as convenient for carrying them out.

I believe that the reports of the different departments of the Staff would be of vast interest to the public and such will follow.

On behalf of the Staff, I wish to thank you for the courtesy, cooperation and stability which you have shown to the Staff during the past year.

GEORGE V. FISKE, M. D.

Chief of the Hospital.

Dr. Geo. V. Fiske, M. D.

Report of Physicians to Hospital:

Dr. F. P. Scribner and Dr. E. B. Swett.

During the year there have been 505 patients, of these 172 were surgical, 64 orthopedic, 36 obstetrical, a few genitourinary, and the remainder medical. 494 patients were discharged. From the nature of the hospital many of these cases were chronic, of the arteriosclerotic and cardiorenal type. Under the supervision of Doctors Bennett and Weaver a large number of antiluetic treatments have been given.

Thanks to the untiring efforts of Dr. Geo. V. Fiske, director, and the cooperation of the county commissioners, the hospital now has as good an X-Ray and electrotherapeutic equipment as is to be found in the state. The hospital also has a completely equipped laboratory for routine examinations of urine, blood, etc., also for doing blood chemistry work. We need a full time technician to keep this laboratory running at full efficiency. More adequate facilities are needed for handling our records and we particularly need a record clerk. It would be desirable to have a plaster room equipped for the orthopedic department in the basement, with an elevator or lift provided so that the patients could easily be moved from their rooms to this room.

I wish to thank the County Commissioners, Dr. Fiske and all the doctors of the staff, superintendent, and nursing staff and others, for their constant, whole-hearted cooperation and untiring efforts in serving the poor of Hillsborough County and for their earnest endeavors to increase the efficiency of the Hillsborough General Hospital to the end that it may be placed upon the approved list of hospitals as established by the American College of Surgeons.

Respectfully,

FREDERICK P. SCRIBNER, M. D.,

Physician to the hospital.

George V. Fiske, M. D., Chief of Staff:

The following is the report of service for April-May, 1925,
Dr. W. A. Thompson, Surgeon, and Dr. W. A. Bartlett,
Assistant Surgeon:

During my term of service the following operations
were performed. Daily visits were made during the pe-
riod of convalescence.

Right inguinal hernia	4
Salpingectomy	3
Carcinoma of neck	1
Amputation of toe	1
Hemorrhoids	2
Strangulated hernia	1
Carcinoma of breast	1
Fecal fistula	1
Hysterectomy	1
Perineorrhaphy	1
Incision and drainage of jaw	1
Axillary Abscess	1

Respectfully submitted,

W. A. THOMPSON, M. D.

Dr. G. V. Fiske, Chief of Staff,
Hillsborough County General Hospital.

Dear Sir:

I wish to submit the following report of surgical work,
at your hospital, during the service, of June, July and
August of 1925.

- (1) Mid thigh amputation.
- (1) Amputation of the breast, with dissection of the
axilla.
- (1) Dissection of one side of neck, for Tubercular
Glands.

- (3) Bassini's operations for the cure of Inguinal Hernia, one of which was strangulated, but did not require bowel resection.
- (1) Ventral Hernia, (Post Operative) which had had three previous unsuccessful operations for repair, which was successful after a period of six months.
- (1) Supravaginal Hysterectomy.
- (1) Cholecystectomy.
- (1) Gluteo-Abscess, which was incised and drained.
- (3) Appendectomys.
- (1) Salpingectomy.
- (2) Salpingo-oophorectomys.
- (1) Exploratory Laparotomy for Tubercular Peritonitis.

These operations were successfully done, with cooperation of the very efficient etherization, of Miss Moore, and the very skillfull administration, of gas oxygen by Dr. F. P. Scribner.

The cooperation of the operating room nurses, was as good as could be obtained in any hospital.

I can not give enough praise to Miss Moore, and her very well trained nursing department, which so much assisted, in the easy convalescence, of all these cases.

Very truly yours,

MURRAY H. TOWLE.

G. V. Fiske, M. D., Chief of Staff,

Surgical Service September, October and November, Dr. John F. Holmes and Dr. Robert Flanders in charge.

There were 25 surgical operations performed as follows:

Blood transfusions	3
Cholecystectomy	1
Fistula in ano	1

Fracture of fingers compound	1
Hernioplasty	3
Hysterectomy	4
Ischiorectal abscess	1
Pelvic Inflammatory disease	5
Periarterial Sympathectomy	6

Considering the fact that these patients were not an average group as regards physical condition, some of them being much debilitated and some of them aged, as old as eighty-eight years, we feel that the careful selection of anesthesia and the skillful administration of the inhalation anesthesia by Dr. Frederick P. Scribner, physician to the hospital, was a potent factor in preventing mortality.

Dr. Flanders and I wish to express our appreciation of the kindness and consideration shown us and the able and sympathetic cooperation which we received from the nursing staff, our associates and the hospital management, during my service of Sept., Oct. and Nov., 1925.

Respectfully,

JOHN F. HOLMES, M. D.

G. V. Fiske, M. D., Chief of Staff:

During the months of December, 1925, and January and February 1926, it was my privilege as Consulting Surgeon, to be on "Service" at the Hillsboro County General Hospital, having ten major operations and several minor ones, all these making good recovery.

The "Service" was most pleasant and helpful, due in no small measure to James J. Powers, M. D., my assistant surgeon. Miss Moore, Mrs. Corey and Mrs. Steeves added still more by their supervision and attention to details. The nurses in training were always interested in the work and untiring in their efforts to increase the comfort of the patients.

The newly installed equipment has added new incentive to better work in every department and personally, I wish to thank the County Commissioners for their deep interest and willingness to supply the hospital with the equipment it now has.

It is with pleasure that I look forward to the resuming of my duties on December 1st, 1926.

Respectfully submitted,

M. P. BADGER, M. D.,
Consulting Surgeon.

G. V. Fiske, M. D., Chief of Staff,

Report of Urological Department:

During the last year I have made frequent visits at the hospital in consultation with others, on the staff and also taken care of many cases which came directly into the urological service.

We have operated upon several urological cases and the results have been comparable to those of other general hospitals in the same class of cases.

The X-ray department and the new laboratory have been of greatest assistance in making a diagnosis in many instances.

Respectfully submitted,

E. J. BROWN, M. D.,
Consulting Urologist.

President of the Staff, Hillsborough General Hospital,

I have the honor to submit herewith a summary report of the work carried out by the Orthopedic Service at the Hillsborough General Hospital, during the year ending Dec. 31, 1925.

I express my thanks and appreciation for the whole-

some cooperation of the County Commissioners (Mr. Barr, Mr. George and Mr. Colburn); the President, and other members of the Staff, Miss Moore and the nursing staff of the hospital, who have so generously contributed supplies, advice and service, which in a great part has made my work possible.

I have selected Wednesday morning for the orthopedic clinic at the hospital, and have formulated a routine whereby all the out patients report on this morning, thus causing them the least delay and avoiding unnecessary trips to the hospital on other days. I have scheduled all the operative work, except emergency cases, for this morning. The operating being done first and the clinic and ward visits being made after.

Consultations have been asked for and granted on all cases where any question arose. Laboratory facilities including X-Ray, Alpine and Physio-therapy have been used to the most marked advantage. Visits to the hospital on other days than Wednesday have been frequent averaging three days a week and often daily where the condition of the cases warranted.

The work of this department has consisted of the treatment of all orthopedic cases in the hospital (all fractures entered in the hospital have come under this service). All out patients orthopedic or fracture treatment has been rendered by myself, either at the Hospital or at my office. A course of instruction to the nursing staff has been given. This included the emergency treatment of fractures, instruction in the care and treatment of orthopedic cases, operating room technique and plaster work.

A resume of the cases handled is of interest at this time. It comprises the following:

Total number of cases treated	64
Orthopedic cases	30
Fractures	34
Total number of operations	19

Respectfully submitted,

HARRIS E. POWERS, M. D.

Consultant Orthopedic Surgeon.

G. V. Fiske, M. D., Chief of Staff.

THE LABORATORY

All treatment presupposes a thorough physical examination of the patient. This requires laboratory facilities in conjunction with other diagnostic aids. With this end in view we have established a pathological and bacteriological laboratory. This means that we can examine blood, urine, sputum, etc., for evidence of disease. For example, it is very essential in the treatment of diabetes to know the index of sugar in both the blood and urine. Depending on the amount, the dose of Insulin, is either increased or decreased. This is an example of only one of the many tests that we are able to do. I might go into detail and describe these tests but suffice it to simply enumerate the different tests.

Blood Tests—Coagulation time, red and white cell counts, Heamoglobin estimation, smears (including differential counts), cultures.

Glucose and urea nitrogen estimation.

Urine Tests—Chemical and microscopical, cultures and smears, renal function.

Tests on Faces—Cultures and smears, Routine.

Tests on Sputum—Cultures and smears.

Spinal Fluid Tests—Cultures and smears, Routines.

Tests on Gastric Contents—Chemical and microscopical. Functional.

Pathological—Smears, dark fields, autopsies.

Developing a laboratory is slow work and while we are not as complete as we would like to be, we have accomplished a lot in the time that we have been at it.

In time we hope to do the Wasserman and Widal tests for syphilis and typhoid respectively. Also we hope to find a way to examine tissues.

Respectfully submitted,

WALTER D. MINIGAN, M. D.

G. V. Fiske, M. D., Chief of Staff.

I present herewith a brief narrative report of my service as attending specialist on Tuberculosis at Hillsborough County General Hospital.

During the past year I have been at the service of the patients in the Institution upon request by Dr. Scribner or any other physician upon the Staff. I have visited the patients frequently and have made lung examinations of every new patient admitted and have recorded the findings upon a chart especially designed for that purpose. I have also endeavored to examine every patient, in the Tuberculosis Department, prior to discharge. In all this work I have collaborated with Dr. Scribner. Dr. Scribner and myself have outlined the treatment to be carried out in each individual case. We have availed ourselves of the service of the X-Ray Department to a considerable extent.

I am deeply appreciative of this service, as it has helped materially in diagnosis, particularly in cases simulating tuberculosis such as empyema and fluid in the pleural cavity. The Ultra Violet treatment has been used with apparently favorable results in some cases.

I feel that the treatment rendered to the patients in the Tuberculosis Department is in accordance with our present knowledge as to best modern methods. The

facilities for fresh air are adequate. The diet is nourishing, the milk supply is ample and safe. The rest routine is enforced. Fever patients are restricted to bed. Patients without fever are upon a carefully regulated exercise and rest regime.

ROBERT B. KERR, M. D.

Attending Specialist, Tuberculosis.

Dr. Fiske:

During the past year I have made frequent visits to the Hillsborough County General Hospital in consultation with Dr. Scribner and Dr. Swett.

I find the hospital well equipped to care for sick infants and children and everything is being done for their comfort.

In company with Dr. Swett, I examined all of the well children in the main part of the institution. I found these children well developed and nourished, in fact their physical condition compared favorably with that of children in our public schools. Those needing correction for physical defects were sent to the hospital for treatment.

I reviewed the weekly dietary and suggested a few additions in order to give it a better balance.

Respectfully submitted,

F. N. ROGERS, Pediatricist.

George V. Fiske, M. D., Chief of Staff.

Report of X-Ray Department for year ending Dec. 31, 1925, is herewith submitted.

Early in 1925 the County Commissioners, realizing that it was impossible for a large hospital to render satisfactory service to its patients and the community at large without a well equipped X-Ray Department, requested estimates, plans and specifications for same.

The Department was created and granted liberal space on the main floor, which with minor changes gave conveniently arranged rooms for Radiography, Fluroscopy, superficial and deep X-Ray Therapy and Dark Room Technic. Complete and thoroughly up-to-date apparatus was installed including Transformer with portable control, Radiographic and Bucky Table, vertical and horizontal Fluroscopic Outfit, 100 MA Coolidge Tube, a well equipped Dark Room, etc., etc.

Immediately following the final installation of apparatus the Department began to function, and increasingly efficient service has been rendered the hospital, the institution as a whole and the community at large. The Department is exceedingly fortunate in its personnel, two members of the permanent Hospital Management have, through extra study and training, become very proficient as Technicians.

In anticipation of the growth of the Institution in size and usefulness, the Department was admirably located and equipped to meet its future as well as present needs.

The Trustees, the Hospital Management, the entire Staff and Technicians have proven enthusiastic and loyal supporters and the splendid spirit of co-operation manifested is deeply appreciated.

Respectfully submitted,

J. S. BRAGG, M. D.,

Roentgenologist.

To the Chief of Staff

Sir: I have the honor of submitting the following report for the year 1925 to the Eye, Ear, Nose and Throat Department of the Hospital.

Total number of operations of all kinds, 40, of which 32 were for removal of tonsils and adenoids. There were

two enucleations of the eye-ball, one for sarcoma of the choroid and one for chronic glaucoma. There was one operation for senile cataract and after cataract on the same eye by Dr. Nutter with very gratifying results. There were two operations for removals of chalazion, one at the hospital and one at the office, also an operation for removal of a large cyst of the orbit and a dilatation of lavage of lacrymal sac and canal. One mastoidectomy for a severe mastoiditis of long standing in a young man of 15 years.

In conjunction with Dr. Swett, an examination was made of the ears, nose and throats of nearly all the children in the children's ward. Two visits were made to farm to examine one case of glaucoma and one of severe conjunctivitis, one to the convalescent home for an examination.

In the Training-school for Nurses there were delivered 12 lectures, those on the Eye by Dr. Nutter of Nashua.

The relations of the department with the Administration and the nursing staff has been most pleasant. The kind of care necessary in this department is of a special nature outside the ordinary routine, but it has been carried on with zeal and efficiency with the most gratifying results, i. e. we have had no infections in after treatment of any case and each one made rapid recovery with good functional result.

I wish to express my appreciation and thanks to the superintendent and her assistants for their fine cooperation and courtesy at all times. The spirit was the largest factor in bringing about whatever good we may have accomplished.

Respectfully

L. THEODORE TOGUS, M. D.

Attending Specialist, Eye, Ear, Nose and Throat.

March 3, 1925.

The meeting was called to order by the chairman, Michael J. McNulty. A motion was made to add to the appropriation \$19,000.00 to pay for over-drafts; also voted to instruct the County Commissioners to use their best judgment in the purchase of land now owned by the B. & M. R. R., and now occupied by the County Buildings, also purchase one half of the side track, if in their judgment it is best and the sum of \$934.00 be appropriated.

Voted to adjourn to the call of the chairman.

HENRY W. WILSON, Clerk.

March 27, 1925.

The Executive Committee met at the office of the County Commissioners in the Court House at Manchester and voted to recommend to the delegation that the County Officers Salaries should be as follows:

County Commissioners, each	\$1,800.00
County Solicitor	2,500.00
County Sheriff	1,500.00
County Treasurer	1,200.00
County Stenographers, (to be paid weekly)	25.00

HENRY W. WILSON, Clerk.

April 7, 1925.

The Hillsborough County Delegation met in room 100 with Michael J. McNulty, chairman, presiding. Voted to adopt the recommendation submitted by the executive committee at the last meeting regarding salaries of county officers.

April 21, 1925.

The delegation met in Room 100 with Michael J. McNulty, chairman, presiding. Rep. J. A. Broderick moved the adoption of the resolution that the county commissioners be authorized to pledge the credit of the county in the sum of \$25,000 and to issue bonds therefor, as they find to be expedient, the proceeds of which shall be used for the construction and equipment of a ward for the care of incurably chronic patients. On motion of Rep. Cronan it was voted to lay this resolution on the table. Voted to adjourn.

HENRY W. WILSON, Clerk.
